

# ANONYMOUS TIP HOTLINE

---

## Westmoreland County Land Use

*You can help protect the public and environment by reporting suspected building or land use code violations.*

*To make an anonymous tip, just click on the following link:*

*Or you can send an anonymous tip via cell phone text message to the  
**Westmoreland County Land Use Office.***

*Just text **WCLANDUSE** and your tip to **847411** (tip411).*

*This is NOT an alternative to calling 911—In any emergency, call 911.*

*It is 100% anonymous. There is no way to identify the sender, unless you tell us in your tip, because the technology removes identifying information before the Land Use Department sees it. However, with this system the County can send you a message about the status of the investigation or ask you follow-up questions without knowing who you are.*

For additional information call:
