The Planning Commission shall report to the Board of Supervisors its recommendation with respect to the proposed amendment. Failure of the Planning Commission to report to the County Board within one hundred (100)

days after the first meeting of the commission after the proposed amendment or reenactment has been referred to the commission, shall be deemed a recommendation for approval, unless the proposed amendment or reenactment has been withdrawn by the applicant prior to the expiration of the time period.

If the proposed amendment consists of a change in the text of this Ordinance, the Commission may recommend revisions to the proposal. If the proposed amendment consists of a change in zoning district boundaries, it may recommend that the land be rezoned to a different zoning district classification than that requested if, the Commission is of the opinion that such revision is in accord with sound zoning practice and the adopted Comprehensive Plan, is in furtherance of the purposes of this Ordinance and is not more intensive than the advertised/noticed proposed use. Before recommending a larger extent of land or a rezoning to a more intensive classification than was set forth in the application, the Commission shall hold an additional duly noticed public hearing on the matter.

In recommending the approval or denial of any proposed amendment to this Ordinance, the Planning Commission should state its reasons for such recommendation.

Tabling or deferring an application for rezoning on the grounds of inadequate data may be requested by the applicant for a period of no longer than ninety (90) days, after which the application shall be considered to be automatically withdrawn. All costs involved in re-applying and re-advertising shall be paid by the applicant.

8. Board of Supervisors Review and Action.

After receiving the report of the Planning Commission, or after the lapse of one hundred (100) days past the initial meeting of the Planning Commission on the application without Commission recommendation, the Board of Supervisors shall hold its own public hearing after notice and advertising required by § 15.2-2204 of the Code of Virginia. The Board may approve the zoning amendment as requested by the applicant, it may deny the amendment, or it may approve a zoning classification of less intensity than that requested, if available in the Ordinance, without holding a new hearing. No land may be zoned to a more intensive use classification than was contained in the public notice without an additional public hearing. The Board of Supervisors must act on the proposed zoning amendment within one year of official acceptance of the application, unless a delay is requested in writing from the applicant and the Board chooses to accept such request.

9. Evidentiary Matters Before the Board of Supervisors

All information, testimony or other evidence presented by an applicant for a zoning amendment shall be presented to the Planning Commission in conjunction with its review and hearing on the application. If the Board of Supervisors determines that an applicant is presenting evidence which is substantially or materially different from that presented to the Commission, the Board may refer the application back to the Commission for such

additional consideration and action as the Board may deem appropriate. All costs in re-advertising shall be paid by the applicant.

10. Contesting a Decision of the Board of Supervisors

Every action contesting a decision of the Board of Supervisors for granting or failing to adopt a proposed zoning ordinance or amendment thereto, or granting or failing to grant a special exception shall be filed within thirty (30) days of such decision with the Westmoreland County Circuit Court.

11. Criteria for Consideration of Zoning Map Amendments.

In considering requests for zoning map amendments or text amendments, the Planning Commission and Board of Supervisors should consider, among other issues, the following factors:

- A. whether the rezoning request, if granted, would further the public interest, and whether it conforms with the goals, objectives, and policies of the Comprehensive Plan;
- B. whether the rezoning is consistent with the County's plan for future land use, as identified in the Comprehensive Plan, and established character of the area and land use patterns;
- C. whether the rezoning is justified by changed or changing conditions;
- D. whether the rezoning, if granted, would create an isolated district unrelated to adjacent districts;
- E. whether utility, sewer and water, transportation, school, recreation, stormwater management and other facilities exist or can be provided to serve the uses that would be permitted on the property if it were rezoned;
- F. whether the rezoning will be compatible with properties and uses in the vicinity and not have an adverse impact on these properties or their values; and
- G. whether there are adequate sites available elsewhere in the County for the proposed use, or uses, in districts where such uses are already allowed.
- H. whether the impact that the uses that would be permitted if the property were rezoned will have upon the volume of vehicular and pedestrian traffic and traffic safety in the vicinity and whether the proposed rezoning provides sufficient measures to mitigate such impacts
- I. whether a reasonable and viable economic use of the subject property exists under the current zoning.
- J. whether the effect of the proposed rezoning on environmentally sensitive land or natural features, wildlife habitat, vegetation, water quality and air quality is compatible with the County's Comprehensive Plan.
- K. whether the proposed rezoning encourages economic development activities in areas designated by the Comprehensive Plan and provides desirable employment and enlarges the tax base.
- L. whether the proposed rezoning considers the current and future requirements of the community as to land for various purposes, including housing and business, as determined by population and economic studies.

- M. the effect of the proposed rezoning to provide moderate housing by enhancing opportunities for all qualified residents of the County.
- N. the effect of the rezoning on natural, scenic, archaeological, or historic features of significant importance.
- O. for an amendment of the text of this Ordinance, the Planning Commission and Board of Supervisors shall also consider whether the proposed text amendment is consistent with the Comprehensive Plan and whether the proposed text amendment is consistent with the intent and purpose of this Ordinance.

12. Joint Public Hearing.

The Board of Supervisors and the Planning Commission may hold a joint public hearing following proper public notice under § 15.2-2204 of the Code of Virginia, as amended.

13. Majority Requirement for Change in Ordinance.

An affirmative vote of at least a majority of the members of the County Board shall be required to adopt, amend, or reenact a zoning ordinance.

14. Timing of Application Consideration and Reconsideration

Proposed amendments shall be considered as soon as feasible, based on the regular schedule of the Planning Commission and the Board of Supervisors meetings and the schedule of newspaper publication relative to public notice.

Upon the denial of any application filed to change a zoning district designation, no further application concerning any or all of the same property shall be filed for rezoning to the same use in less than twelve (12) months from the time of denial by the County Board of Supervisors, unless this requirement is specifically waived by the Board.

10-3.10 Conditional Zoning

(1) Purpose.

It is the purpose of this section to provide a more flexible and adaptable zoning method in order to mitigate the impacts of new development and land use through conditional zoning, whereby a zoning reclassification may be allowed subject to certain conditions proffered by the zoning applicant for the protection of the community that are not generally applicable to land similarly zoned. As part of a petition to rezone property and amend the official zoning map, the property owner may voluntarily proffer in writing, prior to a public hearing before the Board of Supervisors, certain conditions and restrictions on the use and development of his property in order to mitigate the impacts of the proposed use. Such conditions are in addition to, or modification of, the regulations provided for a particular zone or zoning district by this Ordinance. The Zoning Administrator shall be vested with all necessary authority to

administer, interpret and enforce such conditions and restrictions, all in accordance with the terms of §15.2-2296, et seq., of the Code of Virginia, as amended. The provisions of this section shall not be used for the purpose of discrimination in housing.

(2) Conditions as Part of a Rezoning or Amendment to the Zoning Map.

Any applicant seeking a rezoning may voluntarily proffer reasonable conditions in addition to the regulations provided for the zoning district by this Zoning Ordinance in accordance with the guidelines in paragraph (C) below, provided that:

- (A) The rezoning itself must give rise for the need for the conditions;
- (B) Such conditions shall have a reasonable relation to the rezoning;
- (C) Such conditions may include a cash contribution to Westmoreland County, in accord with the County's adopted Capital Improvements Program;
- (D) Such conditions shall not include mandatory dedication of real or personal property for open space, parks, schools, fire department or other public facilities not otherwise provided for in the Residential Subdivision Ordinance of Westmoreland County;
- (E) Such conditions shall not include payment for construction of off-site improvements except those provided for in the Residential Subdivision Ordinance of Westmoreland County;
- (F) No condition shall be proffered that is not related to the physical development or physical operation of the property; and
- (G) All such conditions shall be in general conformity with and not contrary to the Comprehensive Plan for Westmoreland County.

(3) Administrative Steps. Approval of Conditions as part of a rezoning amendment to zoning map. The owner of the property which is the subject of a rezoning request shall, if he elects to obtain conditional zoning, voluntarily proffer in writing such conditions as he deems appropriate at the time of filing an application to rezone the property.

- A) **When Proffers Are Made.** To be considered by the Planning Commission, proffers must be submitted with the application prior to public hearing notification. Proffered conditions made at the Planning Commission meeting shall be forwarded to the County Board prior to the Board's public hearing. The Board of Supervisors may consider additional proffers, deletions and/or amendment to all such conditions provided same have been voluntarily proffered in writing by the owner of the property which is the subject of the rezoning request prior to the public hearing at which the Board of Supervisors renders its decision.

- B) Contents of Proffers. For the purpose of this Ordinance, proffered conditions may include written statements, development plans, profiles, elevations, and/or other demonstrative materials. Materials of whatever nature and intended as proffers shall be annotated with the following statement signed by the owner or owners of the subject property: "I (we) hereby voluntarily proffer that the development of the subject property of this application shall be in strict accordance with the conditions set forth in this submission unless an amendment thereto is mutually agreed upon by the Board of Supervisors, and the undersigned." Proffered conditions shall be signed by all persons having an ownership interest in the property and shall be notarized. Proffered conditions shall contain a statement that the owners voluntarily enter into the proffers contained therein.
- C) Review and Revision of Proffered Conditions. Additional conditions may be proffered by the applicant during or subsequent to the public hearing before the Planning Commission, provided however that after proffered conditions are signed and made available for public review and the public hearing before the Board of Supervisors has been advertised (whether or not jointly held with the Planning Commission) no change or modification to any proffered condition shall be approved without a second advertised public hearing thereon.
- D) Modifications to Proffers. After the Board of Supervisors' public hearing has been advertised, should additional or modified conditions be proffered by the applicant, which conditions were specifically discussed at the public hearing before the Planning Commission, then a second public hearing need be held only before the County Board before the application and the modified conditions can be reviewed and acted on by the Board of Supervisors.
- E) Additional Conditions. Should additional conditions be proffered by the applicant at the time of the public hearing before the Board of Supervisors, which conditions were not addressed at the public hearing before the Planning Commission, or if the proffered conditions are modified beyond the scope of any conditions considered at the public hearing before the Planning Commission, the application shall be the subject of a second public hearing before both the Planning Commission and the Board of Supervisors, which hearing may be held either separately or jointly.
- (4) Enforcement and Guarantees.** The Zoning Administrator shall be vested with all necessary authority on behalf of the Board of Supervisors of Westmoreland County to administer and enforce conditions attached to a rezoning or amendment to the zoning map, and such authority includes:
- (A) the ordering in writing of the remedy of any noncompliance with such conditions,
- (B) the bringing of legal action to insure compliance with such conditions, including injunction, abatement, or other appropriate action or proceeding; and

- (C) requiring a guarantee, satisfactory to the Board of Supervisors, in an amount sufficient for and conditioned upon the construction of any physical improvements required by the conditions, or a contract for the construction of such improvements and the contractor's guarantee, in like amount and so conditioned, which guarantee shall be reduced or released by the Zoning Administrator upon submission of satisfactory evidence that construction of such improvements has been completed in whole or in part.

Failure to meet all conditions shall constitute cause to deny the issuance of any of the required use, occupancy, or building permit, as may be appropriate. Upon approval by the Board of Supervisors, proffered conditions shall become a part of the zoning regulations applicable to the property, and are enforceable under the same provisions for enforcement as all other provisions in this Ordinance.

- (5) Records.** The Zoning map shall show by an appropriate symbol on the map the existence of conditions attaching to the zoning on the map. The Zoning Administrator shall keep in his office and make available for public inspection a Conditional Zoning Index. The Index shall provide ready Records. The zoning map shall show by an appropriate symbol on the map access to the ordinance creating conditions in addition to the regulations provided for in a particular zoning district or zone.
- (6) Petition for Review of Decision.** Any Zoning applicant or any other person who is aggrieved by a decision of the Zoning Administrator made pursuant to the provisions of paragraph (D) above may petition the Board of Supervisors for review of the decision of the Zoning Administrator. All such petitions for review shall be filed with the Zoning Administrator and with the County Administrator within thirty days of the date of the decision for which review is sought, and such petitions shall specify the grounds upon which the petitioner is aggrieved.
- (7) Amendments and Variations of Conditions.** There shall be no amendment or variation to the conditions created pursuant to the provisions of paragraphs (B) and (C) above, until after a public hearing before the Board of Supervisors advertised pursuant to the provisions of § 15.2-2204 of the Code of Virginia, 1950, as amended.
- (8) Substantial Conformance Required.** Upon approval, any site plan, subdivision plat or development plan thereafter submitted for the development of the property in question shall be in substantial conformity with the approved zoning and all proffered statements, plans, profiles, elevations, or other demonstrative materials, and no development shall be approved by any County official in the absence of said substantial conformity. For the purpose of this Section, substantial conformity means that conformity which leaves a reasonable margin for adjustment due to final engineering data but conforms with the general nature of the development, the specific uses, and the general layout depicted by the plans, profiles, elevations, and other demonstrative materials presented or proffered by the applicant. Determinations of substantial conformance shall be made by the Zoning Administrator.

- (9) No Permits Shall Be Issued That Do Not Comply With Proffers.** Failure to meet or comply with any proffered conditions shall be sufficient cause to deny the issuance of any site plan or subdivision approvals, grading permits, zoning permits, building permits, or certificates of occupancy as may be determined appropriate by the Zoning Administrator. In addition to the other penalties appropriate for violations of this Ordinance, failure to meet or comply with any proffered condition shall be sufficient cause to deny the issuance of any development approvals or permits relating to the land area which was the subject of the conditional zoning. To this end, each application for a development approval or permit shall include an affidavit by the applicant that all applicable proffers have or will be complied with as agreed upon at the time of rezoning. The burden shall be on the applicant to verify that proposed development complies with all proffered conditions.
- (10) Change of Approved Conditions.** Once proffered conditions have been approved, and there is cause for an amendment which would not be in substantial conformity with them, then an application shall be filed for an amendment of the proffered conditions. If the amendment concerns an approved site plan or plan of development, such application shall include the submission requirements for a site development plan set forth in this Ordinance, except that the Planning Director may waive any submission requirement if such requirement is not necessary for an adequate review of the amendment application. Such amendment shall be the subject of public hearing in accordance with the requirements for a new application.

In approving a Special Exception Permit, the Board of Supervisors may impose such conditions, safeguards and restrictions as may be necessary to avoid, minimize or mitigate any potentially adverse or injurious effect of such special uses upon other properties in the neighborhood, and to carry out the general purpose and intent of this Ordinance. Conditions and restrictions may include, but are not limited to, those related to fencing, planting or other landscaping, additional setbacks from property lines, location and arrangement of lighting, setting of reasonable time limitations and other reasonable requirements deemed necessary to mitigate the impacts of the use and safeguard the interests of the public. The Board may require a guarantee or bond to ensure that conditions imposed will be complied with. When a deadline established by a condition requires the landowner or developer to commence the project or to incur significant expenses related to improvements for the project within a certain time, the deadline shall remain valid longer than five years if it was valid on January 1, 2009 and as provided in Section 15.2-2209.1, Code of Virginia. The applicant shall assure that the sign remains so posted for a period of seven (7) days, or such longer period as the Administrator may require, and shall then return the sign to the Administrator with a signed statement attesting to the fact that the sign remained in public view for the required period. - M. Whether the proposed use will facilitate orderly and safe road development and transportation.
- N. Whether, in the case of existing structures proposed to be converted to uses requiring a Special Exception Permit, the structures meet all code requirements of the County of Westmoreland.

- (7) No proposed sewage treatment facility will be approved if it involves the establishment of a buffer zone in any area within the Baylor Survey or which is leased by the Marine Resources Commission pursuant to an effective assignment of oyster planting ground and, further, any certificates or permits granted by any governmental agency for the construction of a sewage treatment plant will be conditioned on the requirement that the owner of the facility make such modifications, additions and other improvements as may be required to maintain water quality standards established by the State Water Control Board or other appropriate governmental agency and to avoid the necessity of buffer zones in any such area or areas. An application for a special exception for a sewer facility submitted in accordance with the foregoing section will be approved only after the applicant has established the conformance to these conditions.

- (8) For Uses to be Acted Upon by the Board of Supervisors, as listed in Article 2

Upon review of the application and supporting data, the Planning Commission shall make its recommendation to the Board of Supervisors as to whether the application complies with the Special Exception provisions in the particular district and the Comprehensive Plan, including verification that the use is specifically authorized within the district, and whether it should be approved or denied.

Before submitting its recommendation to Board of Supervisors, the Planning Commission shall hold a public hearing which may be a joint public hearing with the Board, after notice as required by § 15.2-2204 of the Code of Virginia, as amended. Following the public hearing, the Commission shall forward its recommendation to the Board.

- (9) Board of Supervisors Review and Hearing.

For those uses that are listed as permissible upon approval by the Board, the Board shall consider the recommendations of the County Planning Commission before granting or denying approval of a Special Exception permit. Before rendering a decision on a particular Special Exception, the Board shall hold a public hearing, which may be a joint public hearing with the Planning Commission, after notice as required by § 15.2-2204 of the Code of Virginia, as amended.

- (10) Modifications to the Application or Conditions.

After the Planning Commission has made its recommendation to the Board of Supervisors, should the application be modified, or additional conditions be agreed to or offered by the applicant, then a second public hearing shall be

held by the Planning Commission before the modified application can be heard by the County Board. The applicant shall be responsible for paying any additional advertising fees required for a subsequent public hearing before the Planning Commission or the County Board of Supervisors. The Board may still impose reasonable conditions on the applicant, in accord with § 15.2-2286 of the Code of Virginia, as amended.

However, should additional information or modified conditions be submitted by the applicant after the Planning Commission has made its recommendation to the Board, which modifications or conditions were discussed at the public hearing before the Planning Commission, then a second public hearing before the Planning Commission shall not be required.

- (11) **Period of Validity.** In the event the activity authorized by a special exception issued under the provisions of this ordinance has not begun within 365 days after the date such permit was approved by the Board of Supervisors, such special exception shall be null and void, provided that special exceptions issued prior to April 12, 2006 on which the activity authorized has not begun within 365 days after the date of written notice given by the Zoning Administrator, shall be null and void. Such notification shall be sent to the address shown for the applicant at the time the special exception was issued. The Board of Supervisors, after notice given pursuant to §15.2-2204 of the 1950 Code of Virginia, may extend the special exception up to an additional 365 days; provided however, that no hearing before the Planning Commission shall be required prior to the hearing before the Board of Supervisors. As a condition of approval, a Special Exception Permit may be granted for a specific period of time with expiration of the approval to occur at the termination of a stated period. In such case, an extension may be granted prior to expiration by the original approving body, upon written application, without notice or hearing. After expiration, no extension may be granted without complying with the requirements for an initial application for a Special Exception Permit.
- (12) A petition to amend this ordinance or to obtain a Special Exception, either of which is substantially the same as a petition previously denied by the Board of Supervisors, shall not be accepted for reconsideration by the Board within a twelve-month period following the date of denial.
- (13) **Construction Already Commenced.** Nothing contained herein shall require any change in the plans or construction of any building or structure subject to a vested right prior to the effective date of this Ordinance.
- (14) When a case is referred to the Board of Supervisors by the Zoning Administrator under the provisions of Article 11 of the Zoning Ordinance, the Board may revoke or amend a Special Exception if the Board determines that there has not been compliance with the terms or conditions of the

permit. No Special Exception may be revoked or amended except after notice and hearing as provided by § 15.2-2204 of the Code of Virginia.

10-3.13 Variance

1. **Variations Authorized.** The Board of Zoning Appeals may authorize variations from the terms of this chapter as will not be contrary to the public interest, when, owing to special conditions, a literal enforcement of the provisions of this Ordinance will result in unnecessary hardship; provided, that the spirit of this Ordinance shall be observed and substantial justice done.

When a property owner can show that his property was acquired in good faith and where by reason of the exceptional narrowness, shallowness, size, or shape of specific piece of property at the time of effective date of the Ordinance, or where by reason of exceptional topographic conditions or other extraordinary situation or condition of such piece of property, or the use or development of property immediately adjacent thereto, the strict application of the terms of the Ordinance would effectively prohibit or unreasonably restrict the use of the property or where the Board is satisfied, upon the evidence heard by it, that the granting of such variance will alleviate a clearly demonstrable hardship approaching confiscation, as distinguished from a special privilege or convenience sought by the applicant, provided that all variations shall be in harmony with the intended spirit and purpose of the Ordinance, the Board may grant a variance to alleviate those conditions, under the terms and procedures provided for herein.

No such variance shall be authorized by the Board unless it finds:

- A). That the strict application of the Ordinance would produce undue hardship;
 - B). That such hardship is not shared generally by other properties in the same zoning district and the same vicinity;
 - C). That the authorization of such variance will not be of substantial detriment to adjacent property and that the character of the district will not be changed by the granting of the variance; and
 - D). That the condition or situation of the property concerned or the intended use of the property is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the Ordinance.
2. **Board May Impose Conditions.** In authorizing a variance the Board may impose such conditions regarding the location, character, and other features of the proposed structure for use as it may deem necessary in the public interest and may require a guarantee or bond to ensure that the conditions imposed are being and will continue to be complied with.
 3. **Public Hearing Required.** No variance shall be authorized except after notice and hearing as required by §15.2-2204 of the Code of Virginia as amended.

4. Unauthorized Variances

- A No variance shall be authorized that would permit the establishment of any use not otherwise permitted in the zoning district under the specific provisions of this Ordinance.
- B No variance shall be authorized that would result in an increase in density from that permitted by the applicable zoning district regulations.
- C No variance shall be authorized that would relate to nonconforming uses.
- D No variance shall be authorized that would reduce the amount of off-street parking space required by Article 5.
- E No variance shall be authorized that would relate to signs.
- F No variance shall be authorized in cases where the applicant, subsequent to the effective date of this Ordinance, has purchased a portion of a larger parcel, which portion has an area or width less than required by the provisions of this Ordinance at the time of such purchase or which portion has unusual physical characteristics, that are set forth as the basis for the application for a variance, which would not exist if such portion had not been detached by such purchase from the larger parcel of which it was a part.
- G No variance shall be authorized that would permit the establishment of any use not otherwise permitted in a floodplain.
- H No variance shall be authorized merely for the purpose of convenience or economic hardship.

5. Procedures for Variances

- A. Application for Variance. Pursuant to provisions of this article and §15.2-2309 of the Code of Virginia, as amended, any person seeking a variance from the application of regulations of this chapter, shall first submit his proposal to the Zoning Administrator on a form to be provided by the Zoning Administrator, including therewith satisfactory evidence that any delinquent real estate taxes owed to the county which have been properly assessed against the subject property have been paid, and all plans and information relating to the application required by the Board of Zoning Appeals pursuant to §15.2-2310 of the Code of Virginia. The application shall be transmitted promptly to the secretary of the Board of Zoning Appeals, who shall place the matter on the docket to be acted upon by the board.
- B. Decision on Variance Application. Upon receipt of an application or appeal, the Board of Zoning Appeals shall fix a reasonable time for a hearing of such application or appeal in conformance with §15.2-2204 of the Code of Virginia.

The proposal shall then be advertised pursuant to provisions of §15.2-2204 of the Code of Virginia prior to public hearing by the Board of Zoning

Appeals. The Zoning Administrator shall also transmit a copy of the application to the Planning Commission, which may send a recommendation to the Board or appear as a party at the hearing.

The Board of Zoning Appeals shall render a decision on any application submitted to it within sixty (60) days after the date of the hearing thereon.

- C. Burden of Applicant. The applicant for a variance shall bear the burden of producing evidence to support the required findings and to establish that the requested variance satisfies all standards for a Variance.
- D. Withdrawal of Application. An application or appeal to the Board of Zoning Appeals may be withdrawn by the applicant or appellant at any time prior to the deadline for cancellation of the newspaper advertisement for the first public hearing. After such deadline, an application or appeal may be withdrawn only with the permission of the Board of Zoning Appeals. An application or appeal which is not withdrawn pursuant to this subsection shall be either granted or denied on its merits.
- E. Re-Application. If any application is denied by the Board of Zoning Appeals on its merits, no application requesting the same relief with respect to all or part of the same property shall be considered by the Board within twelve (12) months after the date of such denial.

Widening, narrowing, extension, enlargement, vacation or change of use of streets or public areas shall likewise be submitted for approval, but paving, repair, reconstruction, improvement, drainage or similar work and normal service extensions of public utilities or public service corporations shall not require approval, unless involving a change in location or extent of a street or public area.

In connection with any such determination, the Planning Commission may, and at the direction of the Board of Supervisors shall, hold a public hearing, after notice as required by §15.2-2204 of the Code of Virginia.

The Planning Commission shall communicate its findings pursuant to this section to the Board of Supervisors, indicating its approval or disapproval, along with written reasons therefore. Failure of the commission to act within sixty (60) days of submission of an application, unless such time is extended by the Board, shall be deemed approval.
