Attention Waterway Users

PLEASE SLOW DOWN FOR SAFETY

6-knot speed limit now being enforced

Wakes created by speeding boats can create major hazards for bridge operations and workers. Calm river waters are essential to keeping workers and other waterway users safe.

A new 6-knot speed limit is now in effect for 0.5 nautical miles north and south of the Nice/Middleton Bridge Project.

MAKE NO WAKE

Please help ensure everyone's safety in the construction area:

- Slow down
- Use extreme caution
- Steer clear of construction vessels
