All individuals requesting sewer service from Westmoreland County shall complete this form to determine the economic feasibility of providing service to the requested location. It shall be the responsibility of the Utility to determine the economic feasibility of a proposed extension or expansion. The County will provide you with this assessment in writing to determine if the standard tap fee will cover the cost of providing service to your property. If the standard tap fee will not cover the cost of providing service to your property, the County will obtain a cost estimate from the engineering consultant to provide service to the location.
